

**NetterVibration**

**Declaration of Conformity  
Electric External Vibrators**

April 2021  
No. 4847E

**Declaration of Conformity  
according to  
Low Voltage Directive 2014/35/EU  
and  
Electromagnetic Compatibility 2014/30/EU**

We herewith declare, that the

**Electric External Vibrators of the Series NEA, NEG, NEH and NES**

are conform to the requirements of the directives referred to above.

The electric external vibrators consist of a rotor, a stator, bearings and unbalances opposite to one another on both ends. The complete unit is integrated in a sheath made of aluminium alloy, of cast iron or of stainless steel.

Used harmonised standards are:

**DIN EN 60034-1:2011-02**
